I agree that my models will have been tested and will be flown in the presence of others. I agree to report to the CD before leaving the field any accident I am involved in or may witness. I agree all models entered in the SAM Championship events will comply with the 2015 SAM Rulebook, and that models entered in the various Nostalgia and Classic events will comply with the applicable rules. In addition I will abide by the AMA Flight Safety Declaration and any and all special field rules imposed at this contest.

Information Concerning Free Flight Activities

Pilots Meetng on the field Monday Morning 8a.m sharp at Officials table.

We will be awarding etched glass mugs to the winners of the four Championship Events...and want to give a big thank you to LHFFMAA for supplying the Championship mugs this year.

Note: You may fly ALL EVENTS including OT Power and OT Rubber any day, any time, any event and you do not have to start and finish on the same day. We will fly sunrise to sunset when possible. So, once again...you can fly any day any time, any event..

Notes: (1)Small Nostalgia Electric has a maximum wing area of 500 sq. inches

(2) National Cup points will be awarded for Nostalgia and Classic competition.

2019 SAM Champs RC Rules Addenda

In general: Unless otherwise specifically stated, all model entries and events shall be in accordance with the current AMA competition safety rules and the January 2015 printing of the SAM Official Rule Book.

Radio Equipment: No information is required on the list of event entries. Most pilots are expected to operate radios on 2.4 GHz and will not require frequency control pins. However, a carousel with numbered pins will be in use and pilots operating radios on discrete channels must have the appropriate pin in place on their transmitters. Pilots operating radios in either of the two ham bands must also use the pins and have a current FCC Amateur Radio license available on the field.

Speed 400: Two special events are scheduled in addition to the standard championship event on Wednesday. On Monday the special Speed 400 event will limit the motor run to 90 seconds and flights to 10 minutes max. On Tuesday the second special Speed 400 event will limit the motor run to 120 seconds and flights to 10 minutes max. Only the standard Speed 400 (180 seconds 15 minute max) event scheduled for Wednesday will receive electric championship points. Rulebook specifications apply to all Speed 400 models and motors. All events will score the best two of four flights. Participants present at the pilots' meeting will decide on mass launches of first flights.

Brown Junior Events: Un-scaled Antique models of any wingspan and any fuselage configuration may be entered in either or both events without restriction.

Concourse d'Elegance: All models should have completed the required demonstration flight by Wednesday evening. A written statement in confirmation of that flight will be presented to the Concourse Director and accompany the model at the time of entry.

The Roberts Trophy resides permanently in the AMA Museum. It will be awarded to the pilot having the longest single flight of the week in any of the following three events:

Texaco Glow , Spark Ignition Texaco , and Classic Texaco .

The Speed 400 Scale event follows the Speed 400 rules for power, weight, scoring, LMR, etc. Entries are scale models of man carrying aircraft designed prior to 1951.

E36 Electric Replica is a special RC event sponsored by SAM 100. Models are Old Timer gas designs with max wingspan of 36 inches. Motors, etc. are unrestricted. Batteries are two cell lipo.

LMR is 90 seconds; the best two of three max flights of 10 minutes are scored.

Rescheduling of events due to weather will assign priority to championship events.

SAM Champs RC Glider Events 2019

Wednesday 10/30- **Rule Book Old Time Glider** event , using either hi start or winch, all fliers can use launch equipment of their choice. 1st place gets special plaque or Trophy. 2nd thru 5th place get labels for their regular entrants plaque.

Thursday 10/31- Could be a bad weather push day for Wednesday, as usual only if all agree including the RC CD. The scheduled events -

Woodie Glider (fun event) - that will be per rule book times and use either hi start or winch. Models must be pre 1990. We will provide 1st thru 5th place plaque labels.

Woodie or Old Time Glider Motorized (fun event) - with an altitude limiter set for 200 meters, limiters provided by Larry Jolly. Rules -after reaching altitude timing starts and then times and attempts per rule book times for RC Old Time Glider. **Award plaques** to 5th place sponsored by Larry Jolly.

Friday Nov 1- **Old Time Glider E LMR** (fun event), also Larry Jolly will sponsor the **plaques to 5th place**.

Here are the rules;

Any Old Time Glider design published or flown prior to Jan 1, 1951 is eligible. It is expected that flight controls and an Electric motor unit will be fitted to the original F/F design. Folding props are allowed. The single Electric motor can be added in the nose, or added as a Power-Pod. The Motor Battery will be limited to a single 3S-850 mah Lithium chemistry Pack.

The Flight will be a 1 minute single Motor run, followed by a 10 minute glide. The Glide Watch will start when the timer confirms the pilot activates the motor kill command switch.

The Competition will be flown with multiple preliminary rounds. Group flying is encouraged.

After the preliminary rounds a final group consisting of the top 5 pilots from the Preliminary Scores will be flown.

The Flyoff will be flown as a single group. The CD will give a 5 second count down ending with a Launch Command at Zero. The CD will count down the 60 second Motor Run with Shut them off command at Zero.

The Pilots Timer will start the Glide watch when he sees the Pilot activate the motor kill command.

The Last Pilot in the Air will be the winner.

Please Note: Since this will be the inaugural Contest for This proposed event We will be tolerant and use the proposed rules above only as a suggestion. All contestants are Welcome and are encouraged to participate.

Please fill out the Glider Events supplement Entry Form below and include with your basic Entry Form.

RC Glider CD- Larry Jolly Assistant CD- Steve Moskal

Note: A Pilots Choice for best looking Glider award will also be presented on the field.
